Safeguarding Policy for Students Undertaking Alternative Provision

A - Principles and Context

Alternative Provision for Key Stages 3 & 4.

Alternative Provision is educational provision for students who are not accessing mainstream education for a variety of reasons.

These are the main reasons for choosing Alternative Provision:

- The student's key talents are not being developed through the national curriculum. Alternative Provision recognises that we are all individuals with different strengths and weaknesses and that mainstream education is not for everyone.
- The student has had one or more fixed-term exclusions and is considered to be at risk of permanent exclusion from school. Alternative Provision is a strategy to avoid permanent exclusion for students and to encourage inclusion in education.
- The student has not been attending school regularly for whatever reason, and is therefore unlikely to achieve GCSEs. Alternative Provision offers a different setting with a broader choice of alternatives for students which may encourage attendance.
- The qualifications they receive are nationally recognised and enable progression to further education.

B – List of alternative providers

Alternative provision could take the form of work experience, part time/full time or a combination of provision alternative with a variety of providers.

Droitwich Spa High School uses a range of Providers of Alternative Education in Droitwich and surrounding areas. These providers offer a range of courses from trade subjects (mechanics, construction, hairdressing, etc.) to specialist areas (business, catering, childcare, fashion, music, drama, and art) to GCSE or key skills classes.

C - Safeguarding – an overview

All educational providers understand the health and safety of all students and staff underpins all that they do. Tight safeguarding procedures, adhering to national and local requirements, are embedded in all practice and include: (See Appendix A)

- Disclosure and Barring Service (DBS) checks on all staff
- Essential safeguarding training
- Safe teaching and learning environments.
- Sharing of Information protocols
- Health care planning to meet individual student need

D - Process of setting up alternative provision

- Some Alternative Provision may be directed through the Learner Engagement Team Lead, Worcestershire Children First, under the team 'Children Who Cannot Access School', formerly Section 19. Droitwich Spa High School will then perform its Safeguarding duties, liaising and monitoring attendance and progress with families and appropriate professionals (e.g., Chadsgrove Pathway Team / Access Education) on a regular basis. Worcestershire Childrens First perform their own safeguarding checks before appointing provision.
- Learners referred to off-site alternative provision should be referred on the basis that this provision is more appropriate for them than Droitwich Spa High School can provide.
- Droitwich Spa High School will set up a meeting involving all relevant parties, including parents/carers and others as appropriate.
- A representative from the school will clearly explain to families the reasons why the alternative provision is being offered. If the provision is being offered as an alternative to permanent exclusion this must be clear to parents so that they are able to make an informed decision. If parents refuse to accept the offer of alternative provision as an appropriate alternative to Permanent Exclusion, the Head Teacher of the school would need to decide whether to proceed with the original exclusion.
- The quality of provision and pupil progress will be routinely reviewed, at least half-termly, including exploring opportunities to return to mainstream education, if appropriate.
- If the placement does not appear to be working or if the student is not attending - a formal meeting should be held involving the school, parent/carers, students and any other

appropriate person. The meeting will reinforce the expectations of the original agreement while seeking feasible alternatives.

- If a student is permanently excluded from an alternative provision placement, a meeting will be convened between the named mainstream school, alternative provider, and the family to discuss either a return to the child's named school or to identify a further alternative provider.
- A risk assessment will be carried out for vulnerable students who have bespoke alternative provision packages.
- A Service Safeguarding Checklist is completed by the provider (See Appendix A) annually.
- A proforma with all Safeguarding contacts at Droitwich Spa High School is sent to the alternative providers. This includes useful contacts and numbers for out of hours concerns. (See Appendix B)

E – Attendance

- Learners must attend the offsite provision as required and parents/carers must support this. Failure to attend should carry the same consequences as non-attendance at Droitwich Spa High School.
- The school will monitor attendance. Mrs Kim Jones (or other members of the attendance team if Mrs Jones is off duty) will establish contact with the provider on the morning of the student's provision and code Arbor accurately.
- If the student is absent, Droitwich Spa High School will then contact parents and try to resolve the issue to restore attendance. If absence becomes a regular pattern, Droitwich Spa High School will follow the Attendance Policy, making referrals where appropriate.
- Droitwich Spa High School will plan and provide support with the logistical arrangements to reasonable ensure that students can physically access any Alternative Provision. This may involve coordinating with parents/carers, booking a taxi from the Worcestershire Local Authority's approved transportation list, planning a journey on public transport or a 'walk through' of the journey prior to attending the providers.

F – Health and Safety

- For work experience, Droitwich Spa High School sub-contract Education Business Partnership to undertake a Health and Safety check.
- For college placements or other timetabled providers, Service Level Agreements are signed and updated each year. (See appendix A)
- Any Safeguarding concerns will be passed to either the Designated Senior Lead for Safeguarding or Deputy Designated Safeguarding leads (see appendix A for names)

G – Quality Assurance

- Annual contract compliance check agreements with alternative provision establishments includes scrutiny of policy and procedures on safer recruitment, safeguarding (Designated Leads, safeguarding policy, new staff induction, safeguarding training), health and safety, public liability insurance, equality and diversity, deferring and Barring service and complaints procedures (see SLA appendix A).
- Any agreement around alternative provision for a student must be reviewed half-termly.
- Half-termly review and monitoring is established via the school's DCC, Mrs Lloyd-Davies, Deputy Head teacher. Student performance is then disseminated to Head of Houses or the Head teacher where appropriate.

- Impact/success will be measured against the targets the students are set in a meeting once per half-term. Examples of these could include: attendance, behaviour, qualifications.
- The school will, on a termly basis, quality assure the alternative provision that is in place through agreed collegiate observations. Any issues will be raised with the provider and the Senior Leadership Team at Droitwich Spa High School. (See Appendix C)

Appendix A – Service Safeguarding Checklist

This checklist outlines the health, safety and safeguarding arrangements that must be confirmed by the education providers prior to a student commencing.
