

1st June 2020

Dear Parents and Carers,

Rod Rhodes

It is with great sorrow that I have to report the death of Rod Rhodes, the school's Chair of Governors.

Rod filled this important role for seven years. No one who dealt with him during his frequent visits to the school could doubt his commitment to the young people of this area. That had been evident before he joined the governors, when as a local employer he generously gave support and opportunities to many of our students and former students. As Chair of Governors he was exactly what the school needed: a friend and supporter who could also be a well-informed critic. We shall miss him greatly.

Yours sincerely,

N. J. Waters
