Cross Country

The County cross-country event was held at the University of Worcester Lakeside Campus on Saturday 1st February. Three students from the school represented Bromsgrove and Droitwich District. They had to battle against the wind, but otherwise conditions were perfect. All runners competed hard against a strong field in each age group. Well done to

Bea Rusby who came 11th in the junior girls' event

Ben MacCallum Banks who came 25th in the inter boys event

Georgia Fox who came 11th in the senior girls' event.

Other Student Successes

Year 10 German

Daria Romanczuk, Michal Romanczuk Fiedorowicz, Harry Jeys and Rhys Jones show outstanding participation in class, producing work of an exceptional standard. They also spend additional time attending the German Language Club each Friday after school to improve their use of the language still further.

Year 9 History

9A1 and 9C1 History classes researched and presented some excellent projects this week on the Home Front of the Second World War. Their topics included Rationing, Evacuees, Women at War, the Home Guard, Propaganda, and the Bletchley Park codebreakers.

Particular credit goes to the two groups who made and brought into school some snacks they had made to the exact WWII recipes using rationed ingredients. The 'carrot cake' biscuits were described as 'interesting', while the cookies were slightly more popular...

These two groups were: **Millie Shepherd and Summer Shipway.**

Ambar Pitcher, Phoebe Davies, Maha James and Verity Thomas.
